

Session 8

Purpose

The main idea from Sunday's Sermon was that our disappointments are God's opportunities. We set expectations on ourselves, others and God and whilst we often don't meet these expectations, God responds to His people with grace, speaking blessing over them (Numbers 6:22-27)

In this session we are going to talk about discovering God's purpose for our lives.

1. From the sermon on Sunday, which one of the 6 ways that God deals with disappointing people resonated with you most, and why?
2. Read Proverbs 19:21. What is critical for the believer to remember when our own expectations go unmet?
3. Thinking about the entire Sermon series: how have you grown, what have you remembered, how do you think you will move forward through what you have learnt?
